RAILROAD HOUSE,

NEAR THE STATION,

HANOVER, YORK COUNTY PA.,

THE undersigned would respectfully inform his numerous friends and the public generally, that he has leased the Hotel in Hanover, near the Depot, formerly kept by Mr. Jeremiah Kohler, and will spare no effort to conduct it in a manner that will give general satisfaction. His table will have the best the markets can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of choice wines and liquors. There is stabling for horses attached to the Hotel. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public patronage, determined as he is to deserve a large part of it. Remember, the *Railroad House, near the Depot,* Hanover, Pa.

21, 23, 25 AND 27 BROADWAY, NEW YORK,

Opposite Bowling Green,

ON THE EUROPEAN PLAN.

THE STEVENS HOUSE is well and widely known to the travelling public. The location is especially suitable to merchants and business men; it is in close proximity to the business part of the city—is on the highway of Southern and Western travel—and adjacent to all the principal Railroad and Steamboat depots.

THE STEVENS HOUSE has liberal accommodation for over 300 guests—it is well furnished, and possesses every modern improvement for the comfort and entertainment of its inmates. The rooms are spacious and well-ventilated—provided with gas and water—the attendance is prompt and respectful—*and the table is generously* provided with every delicacy of the season—at moderate rates.

NEW FIRM.

AT THE OLD STAND.

[ESTABLISHED IN 1817.]

I HAVE associated with me, in business, my son, John F. McCreary, under the firm and style of D. McCreary & Son, and I desire to say to my old friends and the public generally that since the war, the manufacture of Saddles, Harness, Collars, &c., has been revived at the old established and well known stand on Baltimore street, one square south of the Court House, Gettysburg, Pa.

Having had an experience of 40 years in this establishment, I feel assured, that, with renewed attention to business, we can still further merit and receive a full share of public patronage.

D. McCREARY.

With increased facilities for conducting our business, we are better prepared than ever to satisfy the wants of all those who may need anything in our line. We especially call the attention of Farmers and others to the superior quality of our

Plain or Quilted Seat Saddles,	Side Leathers,
Horn Saddles,	Hames, all kinds, with or without fastenings,

Selected Poetry.

EVENING.

BY JAMES BARRON HOPE.

See the crimson clouds of evening,
Lattice-bars across the blue—
Where the moon in pallid beauty,
Like an angel gazes through.

Over all the winding river,
By the fading sunset kist,
Slowly rises up the vapor,
In a cloud of ghostly mist.

While the Eve is slowly turning
Its last grains of golden sand,
What a holy quiet hovers
Over all the drowsy land!

There is now the spell of silence—
Of a silence calm and deep—
Over all the placid water
Where the blue mist seems asleep.

And the vessels slowly gliding
Down the river to the bay;
Show on sheets of spreading canvas
Tints which change from red to gray.

All is quiet save the murmur,
On the tide up in the bar;
See each little breaker playing
With the image of a star?

And 'tis thus that human creatures,
Bowed with age or fresh in youth,
Give back brokenly the image
Of each grand, celestial truth.

Now the brooding silence deepens,
And the scene is one of rest,
While the wrecked day drifts down grandly
To be stranded in the West—

On yon rugged coast of cloud-land
High above the village spire,
On its mighty purple headlands,
And its crags all tipped with fire.

FLY IN THE WHEAT.

It is a very common thing for farmers to regard fly in the wheat as an unavoidable *misfortune*, and having once accepted this idea as a fixed fact, take no further thought to prevent its ravages. In this view, however, I do not concur, but am disposed to believe there is a cause that may be avoided.

The fly, in my opinion, springs without a doubt from the maggot generated in the manure heap, or after having been hauled out upon the field. To prove this, permit a thin layer of manure to lie in an old stable for some time during summer; and upon turning it over you will discover myriads of maggots beneath. These maggots are in due season metamorphosed into the fly that affects the wheat. If the manure had not been disturbed, in a short time a swarm of very small white flies, or gnats, would have been seen swarming over the spot where the manure lay.

These flies resort to the wheat-fields in autumn, and having deposited their eggs in the tender sprouts, or the grain of seed wheat, by June following, the summer heats have again developed a nest of maggots that eat their way out of the stalks, generally within a few inches of the ground, and having undergone another metamorphosis, becomes *a fly,* from whence the maggot in the manure originated, thus re-producing itself from year to year.

In order to prevent fly in the wheat, I would recommend that the manure be hauled out upon the ground for spring *crops before any eggs have been deposited* in it, or in case there have been, (which is not probable,) by ploughing it under deep, heat and air will have no effect in developing their maturity. In no case would I recommend manure to be spread upon the surface of ground that has been ploughed for wheat, as is very common among some farmers. My investigations go to prove that in wheat *thus seeded the fly is always worse.*

Early or late seeding will not yield any protection, as I have frequently seen both equally affected the same year, and as the maggot is generally developed while the manure lies exposed upon the fields, there is no reason to expect any difference; and the only protection against fly in the wheat, in my opinion, lies in ploughing the manure under in the spring of the year.

GRASS FOR HORSES.

Many think that horses that are kept in a stable all summer should not be allowed to eat grass. They think that it will make the horse soft and wishy-washy, and that it will throw him out of condition for hard work. This is particulary the case with some of the trainers of trotting and running horses. And horses that are kept for farm and other work are refused grass because their drivers think they will not eat hay so well. This was formerly the case, more than it is now. But these are all erroneous opinions and practices, and are giving way, gradually, to a more reasonable and natural system of feeding. Grass is the natural food of the horse. It is cooling and healthful food. It keeps the bowels open and shapens the appetite. It promotes digestion and removes fever from the system. Therefore, by all means, let the horses nip grass fifteen or twenty minutes daily. Whether training for trotting or running, it will be attended with the highest benefit. The horse will lose none of his speed by such a course of treatment.—Horses that are kept up the year round for farm work should certainly be allowed a nice nibble at grass every day. They work hard, and all they get for it is something to eat. Let them have, *then, what they all like so well.*—*Valley Farmer.*

SMALL FARMS.—In England there are many farmers who more than support themselves and large families on the product of six acres, besides paying heavy rents. Agriculturists in Germany, who are proprietors of five acres, support themselves on two, and lay up money on the product of the remainder.

ANIMALS with small stomachs require concentrated food; those with large stomachs, coarse food. Horses and oxen have large stomachs; hogs and men small ones.

INSTEAD of investing surplus funds in seven-thirities, buy genuine manure, cultivate wisely, and the interest will be seven times seven-thirty.

TO BAKE TOMATOES.—Season them with salt and pepper; flour them over; put them in a deep plate with a little butter, and bake in a stove.

WHAT AFFECTED HIM.

When Dr. Dodge, an eccentric physician, was lecturing through this State on the evils of tea and coffee, he happened to meet one morning at the breakfast table a witty son of Erin, of the better class. Conversation turned to the doctor's favorite subject, and he addressed our friend as follows:

"Well," said the doctor, "if I convince you that they are injurious to your health, will you abstain from their use?"

"Sure and I will, sir."

"How often do you use coffee and tea?" asked the doctor.

"*Morning and night, sir.*"

"Well," said the doctor, "do you ever experience a slight dizziness of the brain upon going to bed?"

"Yes indeed I do," replied Erin.

"And a sharp pain through the temples, in and about the eyes, in the morning?" asked the doctor.

"*Troth I do so.*"

"Well," said the doctor, with an air of confidence and assurance in his manner, "that is the tea and coffee."

"Is it, indade? faith and I am thankful. I always thought that it was the whiskey did that same."

The company roared with laughter, and the doctor quietly retired.

MARK TWAIN AND THE MUSKET.

Mark Twain tells the following story of a fellow passenger, who, being bantered about his timidity, said he had never been scared since he had loaded an old Queen Anne's musket for his father once, whereupon he related the following:

You see the old man was trying to learn me to shoot blackbirds and beasts that tore up the young corn, and such things, so that I could be of some use about the farm, because I wasn't big enough to do much. My gun was a little single-barrel shot gun, and the old man carried an old Queen Anne's musket that weighed a ton, and made a report like a thunder-clap, and kicked like a mule. The old man wanted me to shoot the old musket some times, but I was afraid. *One day, though,* I got her down and so I took her to the hired man and asked him how to load her, because the old man was out in the fields. Hiram said:

"Do you see the marks on the stock—an X and a V on the *Queen's crown?*—Well, that means 10 balls and 5 slugs—that's her load."

"But how much powder?"

"Oh," he says, "it don't matter; put in three or four handsfull."

So I loaded her up that way, and it was an awful charge—I had sense enough to see that—and started out. I levelled her on a good many blackbirds, but every time I went to pull the trigger I shut my eyes and winked. I was afraid of her kick. Towards sundown I fetched her up at the house, and there was the old man resting on the porch.

"Been out hunting, have ye?"

"Yes, sir," says I.

"What did you kill?"

"Didn't kill anything, sir—didn't shoot her off—I was afraid she'd kick." (I knew blamed well she would.)

"Gimmus that gun!" the old man says, mad as sin.

And he took aim at a sapling on the other side of the road, and I began to drop back out of danger. And the next minute I heard an earthquake, and the Queen Anne whirling end over end in the air, and the old man spinning around on one heel, with one leg up and both hands on his jaw, and the bark flying from the sap

DEMOCRATIC COUNTY CONVENTION.

At a meeting of the Democratic County Committee, at Wolf's Hotel, in Gettysburg, on Saturday last, the following resolution was unanimously adopted:

Resolved, That the Democratic voters of Adams county be, and they are hereby, requested to meet at their usual places of holding Delegate Elections, on SATURDAY, the 24th day of AUGUST inst., for the purpose of choosing Delegates to represent them in a County Convention to be held in Gettysburg, on MONDAY following, (August 26th,) at 10 o'clock, A. M., to nominate a County Ticket, and transact such other business as may be deemed necessary. The Delegate Elections to open at 4 and close at 6 o'clock, P. M., in all the districts except Gettysburg—in the latter to open at 7 and close at 9 o'clock, P. M.

KENTUCKY SPEAKS!!!

Immense Majority for the Democratic Candidate for Governor!

Kentucky held her election for Governor and Members of the Legislature on Monday last. Hon. John L. Helm, Democrat, was elected Governor, by an immense majority, estimated as high as 50,000! The Legislature is almost unanimously Democratic. This glorious news demonstrates what the *white* sentiment of the country really is.

☞General Sickles has notified Governor Worth, of North Carolina, that the session of the Legislature of that State, which, by adjournment, was to be held during the present month, is postponed until further orders. General Sickles has also suspended jury trials in North Carolina pending a revision of the jury lists. If all the military commanders in the South were like Sickles and Sheridan, they would soon make a worse than Poland of that section of the Republic. And yet these men are the special favorites of the party in power, and the Chief Magistrate of the nation is menaced with impeachment if he dares to interpose his authority between the people of the South and naked, unrelieved military despotism.

☞The Baltimore *Sun* thus disposes of the Tennessee "election," so-called:

"Four-fifths of the white voters of Tennessee have been disfranchised and the black men have taken their places. * * In some counties there were not as many white voters as there were offices to be filled, and in others the Governor set aside the registration where it was not agreeable to him."

Shout, O ye glorious sticklers for freedom and equality! Bellow till your throats crack! *Such* a triumph is worthy of such a party!

☞Mr. Stanton refuses to resign, although politely requested to do so by the President. He is not the first man who declined to leave a gentleman's house and was afterwards kicked out of doors by his insulted host.

☞The Radical platform adopted at Williamsport pledges Judge Williams, of Pittsburg, nominated for the Supreme Bench of Pennsylvania, to decide questions as political considerations may dictate. In other words, he will decide not in accordance with law, but with a view to keep the Radicals in power. That is, doubtless, what the Selem *Journal* meant when it said that "the Judge received his early training in the *higher* law doctrines of New England, and had, in no wise, apostatized from the faith of his fathers."

☞Just before the late election in Kentucky, the Louisville *Journal* put the whole question before the people in the following brief style:

If you want a Constitution, vote for the Democratic ticket. If you want a State, vote for the Democratic ticket. If you want a country, vote for the Democratic ticket.

Volumes could not have said more, and it appears by the record that a majority of nearly fifty thousand white freemen in that gallant State agreed with the *Journal*.

☞In the course of the debate in the Senate on the tenure-of-office bill, Senator Sherman said: "I take it that no case can arise, or is likely to arise, where a Cabinet Minister will attempt to hold on to his office after his chief desires his removal. I can scarcely conceive of such a case. I think that no gentleman, no man with any sense of honor, would hold a position as a Cabinet officer after his chief desired his removal, and therefore the slightest intimation on the part of the President would always secure the resignation of a Cabinet officer. For this reason I do not wish to jeopard this bill by an unimportant and collateral question. * * * And if I supposed that either of these gentlemen was so wanting in manhood, in honor, as to hold his place after the politest intimation by the President of the United States that his services were no longer needed, I certainly, as a Senator, would consent to his removal at any time, and so would we all." As this was intended by Mr. Sherman to apply only to the cases of "gentlemen, men with a proper sense of honor," of course Mr. Stanton is not in that category.

☞It will be seen by a resolution of the Democratic County Committee, published above, that the Delegate Elections are to be held on Saturday, the 24th inst., and the County Convention on Monday following. Let these Elections be well attended—the best men sent to the Convention—and a good ticket will be the result.

Then and Now.—During the Mexican war, while one of our gallant commanders was leading his men in a terrible charge on a Mexican battery, his body servant, a negro, escaped from the danger, fled to the Mexican lines, and, joining the Mexican service, rendered what aid, comfort and assistance he could to the enemies of our country. Now that General—Bragg—is a disfranchised "rebel," and the negro traitor and deserter is one of the Board of Registration for the county of Mobile.

KENTUCKY AND TENNESSEE.

These two States lie side by side, and contain a population in most respects similar. Each has had its State election within the last few days, and although Tennessee is the more Southerly State and seceded in the rebellion, it was carried by the Republicans by a large majority; while Kentucky, which never seceded, was carried by the Democrats by a majority twice as large. Kentucky, the home of Henry Clay and John J. Crittenden, was in our past politics a Whig State; while Tennessee, the home of Andrew Johnson and James K. Polk, was a Democratic State. Why is it that the mere Southern, the seceding, and formerly Democratic State, has given a great Radical majority, while the more Northern, the loyal, and formerly Whig State, has given a still greater Democratic majority? The explanation of this paradox lies in the fact that in Kentucky political action is free, while in Tennessee it is not. There can be no doubt that the white population of Tennessee if permitted to vote, and free to vote according to its judgment, would condemn the policy of Congress with as much decision and energy as the white population of Kentucky. It is a burlesque on republican institutions when a popular election, as in Tennessee, gives not an expression of the public opinion of the State, but its very opposite. Let all external pressure and intimidation be withdrawn, and another election be held in Tennessee next month, and the result of last week would be reversed by a majority equally decisive. The preponderance of numbers, physical strength, intelligence, and wealth, is immensely on the side of the beaten party. The government of Tennessee is like a pyramid resting on its apex, which the least touch would jostle over, if it were not propped up and supported by federal force.

In Kentucky, on the other hand, the government is self-sustaining. The preponderance of the population, wealth, physical force, and intelligence of the State is on the side of the party which succeeded in the election, which is the normal condition of a republican government.

But it is asserted that the successful party in Kentucky is a party of rebels. If this be true, what has made them rebels? Kentucky, when the rebellion was in full blast, never had a majority, hardly a respectable minority, in favor of secession. How does it happen then, that now, when the rebellion is over, when it is dead, buried, and hopeless, there is a majority of sixty thousand rebels in the State? It may be true that former rebels voted with the successful party; but how have they been able to quadruple their numbers? Can that be a good government which thus sows broadcast the seeds of discontent, and ripens them to a prodigious harvest? The successful party in Kentucky are not rebels in the sense of wishing to secede, not in the sense of wishing to break up the Union, but in the sense of wishing to abide by the Constitution as our fathers made it. They are, indeed, bitterly hostile to the policy of Congress, and it is no compliment to Congress that its policy is calculated to excite such hostility wherever, in the South, political action is free.—*World.*

☞In Tennessee fifty thousand white men were disfranchised, and sixty thousand negroes raised to the full equality of citizens. By such means a full Radical delegation has been chosen to Congress. These men will be admitted, and vote to force negro suffrage upon the people of the North. The white men of Kentucky have also elected representatives to Congress. No person was disfranchised in that State. The ballot-box was open to all who wished to vote. But the Radicals demand that the members from Kentucky shall not be admitted to their seats in the councils of the nation, because they are not in "harmony with the political opinions of a majority of the people." If a white man is elected by negroes, he can take a seat in Congress; if by white men, he is not fit to represent a constituency. That is the Radical theory, as exemplified by the cases of Tennessee and Kentucky.—*Age.*

☞The *Daily American Union*, published at Chattanooga, Tennessee, gives the following account of the manner in which the late election was conducted in that place under the orders of Brownlow:

No opposition was made on the day of the election by the Conservative party to the manifestly fraudulent manner in which it was carried on. It is a notorious fact that negroes were imported from Georgia, furnished with certificates, voted, and sent home again.

It is well known that the polls were opened nearly an hour before the time appointed by law. It was patent to all that the Metropolitan Police, and their Adjutant, Henry Deutch, the Knight of the Broad axe, and 'Squire Blackford, were taking from the negroes all tickets not stamped with the sign of John Anderson, and compelling them to vote the broad-axe ticket.

The white men made no opposition, however. Previous demonstrations had convinced them that the column of negroes, standing before the polls, whom the police were enfranchising by every means in their power, were like a powder magazine, and needing only the slighest provocation to blaze forth in riot and bloodshed. Being peaceful citizens and having the good of the city at heart, knowing the inevitable result of any interference with the well-laid plans of the Metropolitan Police, they perferred a peaceable defeat at the ballot-box, to incurring any danger of a disturbance.

Nevertheless, the election was illegal and fraudulent, as can be proven by the poll-books. The same frauds were doubtless committed elsewhere, and were passed over for similar reasons. We are powerless to resist, but we can, at least, publish abroad to the world how the boasted triumph of Brownlow was secured.

☞The jury in the Surratt trial have been out several days, and it does not seem likely that they will agree. They are said to stand ten for acquittal to two for conviction.

P. S.—The jury was discharged on Saturday. They stood six to six.

☞A Clergyman writing to a friend says, "My voyage to Europe is indefinitely postponed. I have discovered the 'fountain of health' on this side of the Atlantic. Three bottles of the Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia." Dyspeptics should drink from this fountain.

TOWN AND COUNTY AFFAIRS.

NEW POWER PRESS—ENLARGEMENT—CHANGE OF PUBLICATION DAY.—The new Power Press arrived on Friday. We expect to have it up and running in about one week from this. The builders are confident that the machine will prove itself one of the very best, and turn out work equal to anything of the kind to be had *anywhere*.

The enlargement of the COMPILER will be effected in its next issue.

We have for some time contemplated, (the better to suit the mails to the different post offices of the county,) a change in our day of publication, and the present seems to be a peculiarly fitting occasion for it. The next number of the COMPILER will not appear until the latter part of next week—Friday, we think, and in this calculation a day or two is allowed for mishaps and delays often attending the getting up and operating of new machinery. The regular day for the future will then be announced.

As to the enlargement, it is deemed proper now only to say that it will be *very* marked, and, we believe, gratifying to every one of our numerous readers. No reasonable expense has been or will be spared in making the improvement. A column will be added to each page, and all of them lengthened, so as to make a difference of eight or ten of our present columns, and place the COMPILER among the largest (and handsomest) papers in the State. The subscription price will remain the same as before—$2 in advance—otherwise $2 50.

THE AGRICULTURAL FAIR.—Work on the Fair Ground is pushed with vigor, a large force of hands being daily employed. The foundations for the main hall will soon be ready for the superstructure, whilst the other large building is about finished. The fencing and shedding are steadily going up, and a well is being sunk near the front. The lake in the rear is done, and nearly or quite full of water. The track only needs a few finishing touches. It is not doubted that everything will be ready by the time announced for the Fair, September 24th, 25th, 26th and 27th.

The indications are that the exhibition of articles will be full and creditable, and the attendance very large.

The posters and premium lists will be out soon.

— By the way, those desiring ground for refreshment stands should not fail to attend the letting on Saturday, the 7th of September.

— We shall have more to say as the work progresses—but in the meantime want all the men, women and children in the county to make up their minds to visit the Fair. Pride in our county and its great agricultural interests should create a universal concern for the success of this exhibition.

☞August Court will commence on Monday next. As we are about to incur a heavy outlay—nearly $3,000—in the enlargement of the COMPILER and improvement in machinery and materials, we will surely be excused for asking ALL who owe us, even in small amounts, to "give a lift" by paying up at once—and Court week will no doubt furnish many opportunities for so doing. Subscribers at a distance are asked to remit by mail.

Now is the time, too, for new subscriptions. Hurry them along with a rush!

ADMITTED.—We notice among the number recently admitted to the bar in the Supreme Court of New York, Mr. John R. Kuhn, son of Col. J. J. Kuhn, of East Berlin, this county.

PASTORAL CALL.—Rev. Prof. Edsall Ferrier has received a unanimous call to the Pastorship of the Presbyterian Congregation in this place, at a salary of $800 and the use of the parsonage.

ACCIDENT.—On Thursday last, Mr. Solomon Spangler, of Reading township, Adams county, met with rather a painful accident while engaged in threshing with a machine. His right hand was caught in the cylinder, mutilating it in a frightful manner, though, we learn, no bones were broken.—*Hanover Citizen.*

NEW TURNPIKE.—The enterprise of constructing a turnpike, entitled the "Mechanicsburg, Dillsburg and Petersburg Turnpike," will be carried into effect. The width of the road will be 40 feet, and it will be piked 18 feet in the centre, 18 inches deep. It is supposed the cost will be something like $3,000 per mile. The contract soon to be awarded, will be followed by immediate operations.

☞A friend informs us that Mr. A. P. Weigle, of Hamilton township, has a turkey hen which laid *eighty-three* eggs, one almost every day since it commenced in the spring. It stopped laying a few days ago, having at last made up its mind to commence hatching. This is an extraordinary product for one season.

PIC NIC.—A grand Basket Pic Nic will be had at Cashtown Springs, on Saturday, the 24th inst. A large and pleasant affair is expected. See advertisement in another column.

TEMPLARS' PIC NIC.—The Good Templars' Pic Nic came off at Spangler's Springs on Tuesday. The attendance was good, the weather fine, and all hands enjoyed themselves first-rately.

TEMPERANCE MEETING.—Rev. G. D. Chenoweth, Corresponding Secretary of the State Union Temperance Society of Pennsylvania, will hold a Convention on Wednesday, August 14th, (not Tuesday, the 13th, as incorrectly stated in the *Star*,) in the Methodist Church, Gettysburg, at 2 o'clock P. M. A representation of all the Temperance Organizations of the county is requested.

☞George Guinn, Sr., recently sold to J. W. Guinn, his farm in Cumberland township, 140 acres, for $4,000 cash.

SUDDEN DEATH.—Mr. Joseph M. Hendrix, a highly esteemed farmer of Shrewsbury, York county, died very suddenly, on Sunday week, in the 80th year of his age.

FLY-NETS.—The largest and cheapest lot of black leather fly nets, light, for buggy use, on hand and for sale very low for cash.

3 different varieties. Call and see them at the Saddlery and Harness establishment of David McCreary & Son. It

COMMENCEMENT.—The number of people attending the Commencement exercises here last week was unusually large. The trains came in crowded for several days, whilst hundreds arrived in private vehicles. The town seldom wears so lively an appearance as it did on Wednesday and Thursday.

On Tuesday afternoon, Rev. Dr. Sprecher delivered his lecture on the "Augsburg Confession." It was a learned production, and well received.

In the evening, Rev. J. G. Butler, of Washington City, addressed the Alumni of the Seminary, treating his hearers, not to a literary entertainment, but a poor rehash of Radical twaddle—not only disappointing, but *disgusting*, men of all shades of political opinion. How much more appropriate would not have been the pure and useful life of the late Dr. Krauth as a theme?

On Wednesday morning the Junior exhibition came off. The following was the programme: "Perpetuity of Free Institutions," A. S. Hartman, Mountjoy township; "Living for an Object," E. S. Breidenbaugh, Gettysburg; "National Progress," E. A. Muhlenberg, Gettysburg; "Moral Lessons of Macbeth," W. F. Hill, Gettysburg; "War of the Giants," D. L. McKenzie, Duncannon; "Electricity," G. S. Eyester, Gettysburg; "A Poem—Immortality," L. A. Swope, Littlestown; "Influence," W. F. Muehlenberg, Gettysburg; "The Mind its own Place," W. C. Stover, Gettysburg; "The Warrier and the Poet," J. W. Richard, Winchester; "The Present Age," Jacob Rhone, Centre Hall; "The Natural and the Moral," L. W. Hellman, Kittanning; "Herostratus," P. K. Erdman, Centre Valley; "Sunshine," R. F. McClean, Gettysburg; "Persecution for Opinion," A. J. Erdman, Macungie; "Radicalism," J. W. Hay, Gettysburg.

Most of these efforts were creditable—several of them very fine indeed. A few would have been improved by the omission of the political (Radical) matter they contained. Young men make a gross mistake when they undertake to "tickle the fancy" of their political friends on such occasions. The better judgment of a right-minded public always condemns them.

In the afternoon, Rev. Dr. Seiss, of Philadelphia, addressed the Literary Societies of the College. He was honored by a large and brilliant audience, who experienced much pleasure in listening to him. The effort exhibited the highest culture, both in composition and delivery.

In the evening, Rev. V. L. Conrad, of New York, delivered the annual address to the Alumni of the College. This was one of the boldest enunciations of Radical doctrine yet made by any of the intolerant adherents of Congressional usurpation. Consolidation, confiscation, negro-voting, negro-office-holding—*all* the rights for the negro which the white man possesses, were unblushingly claimed. We are glad to know that this tirade was also condemned as entirely out of place by the true friends of the College, of all parties. Probably one-third of the audience left before the speaker concluded.

The Commencement exercises, on Thursday morning, occurred in the following order: Latin Salutatory, C. S. Albert, Turbotville; "The English Bible and Shakspeare," T. F. Garver, Scotland; "Leibnitz," J. G. Blyholder, Leechburg; "Aspirations of Youth," J. J. Weaver, Uniontown, Md.; German Oration, C. J. Cooper, Coopersburg; "National Language and Character," J. R. Custer, Lawrenceville; "Losers always in the Wrong," R. J. Fisher, York; "Battle of Hastings," J. H. Brown, Gettysburg; "Christianity, Basis of Social Happiness," Hart Gilbert, Gettysburg; "Cost of Military Glory," D. K. Kepner, Fagleysville; "The Seed Time and Harvest of Life," B. C. Snyder, Gettysburg; "Mission of the Anglo-Saxon," M. W. Jacobs, Gettysburg; "A Poem—The Highland Home," P. H. Schaeffer, Limerick; "Modern Science and Materialism," S. P. Sadtler, Lutherville; Valedictory, W. E. Parson, Milton. We have heard several of these efforts highly praised, and all seem to be well spoken of. C. S. Albert received the first honor, S. P. Sadtler the second, J. R. Custer and P. H. Schaeffer the third, and W. E. Parson the fourth.

In the afternoon, Hon. M. Russell Thayer, of Philadelphia, delivered, in the College Church, the oration on the laying of the corner-stone of the Preparatory Department, (Stevens Hall.) What the speaker said of Thaddeus Stevens as a friend of the College and education generally was fitting and acceptable; but he should have stopped with that. There was no occasion to go into extravagant puffery of the "old commoner's" political opinions or efforts. Widely differing as the friends of the College do on the disturbing questions of the day, Mr. Thayer has likely done the Institution more injury than good.

After the close of the exercises at the church, a procession was formed and marched to the ground upon which the building is to be erected. Rev. Dr. Schmucker gave a brief but interesting history of the rise and progress of the College, and concluded with a list of the articles placed in the corner-stone.

The Germania Orchestra, of Philadelphia, which performed during the exercises of the week, closed with a concert on Thursday evening. It was a grand success—a crowded house and everybody delighted.

— We hear, with real pleasure, that the Board of Trustees of the College, on Thursday, passed a resolution discountenancing party politics at Commencements in the future. This is "a move in the right direction," and will be generally and heartily approved.

Death of Ex-Gov. Porter.—Ex-Governor David R. Porter died at his residence in Harrisburg, on Tuesday afternoon, after a brief illness. He was in the 79th year of his age, and had been for many years identified with the public affairs of the State. He served as a member of both branches of the Legislature, and was the first Governor elected under the constitution of 1838, an office which he held for two successive terms. He was a man of vigorous mind, which remained unclouded until the hour of his death.

SICK-HEADACHE.—Very many are troubled with this distressing complaint every few days through the Summer months. A gentleman from Ohio who has been subject to such attacks writes that Coe's Dyspepsia Cure cured him.

Resolutions of the Board of Directors of the Theological Seminary at Gettysburg.

The committee appointed to prepare resolutions expressive of the estimate in which this Board held its late Professor, the Rev. Dr. Krauth, and of its sincere condolence with his family and relatives at his lamented death, beg leave to propose the following:

Resolved first, That whilst we cannot but recognize the goodness of God in not removing by death any of our professors during forty years of the Seminary's existence, nor even interrupting the regular course of lectures for any considerable time by reason of their sickness, we would now humbly bow to His sovereign rule, who has in this way, for the first time, afflicted our institution.

Resolved second, That the unaffected piety, extensive acquirement, the entire consecration of his talents and influence to the welfare of the Seminary, his faithful and conscientious discharge of duty, his bland and amiable disposition, and his eminent social qualities having ever commanded our exalted admiration, his death has occasioned us the most heartfelt grief.

Resolved third, That the unswerving adherence of our deceased associate to the views and sentiments of our church as held by the General Synod, amidst a tendency to impose a Lutheranism upon us different from that maintained by our fathers, encourages us to stand fast to the principles and practices we have espoused.

Resolved fourth, That whilst we, his cotemporaries, will ever cherish with pleasing recollection the image of his manly features, yet in order to transmit to those who may come after us, and thus for many years preserve in this the field of the most active labors of his life, the memory of his valuable services, the sum of fifty dollars raised by private subscription, be appropriated for a Photograph likeness of large size, to be suspended in the Seminary Chapel.

Resolved fifth, That an amount sufficient to erect a monument or memorial grave, be raised by voluntary subscription, and that a committee, consisting of Rev. Drs. Baum, Morris, Messrs. M. Buehler, D. A. Buehler, and Dr. Huber, be appointed to collect the money and erect the monument.

THE RUMP SCHEME.

The President recently said that during the seven months intervening between the surrender of the rebel armies and the assembling of Congress, and whilst he was fully carrying out his policy of reconstruction, he did not receive a single remonstrance from any of the Radical leaders who are now clamoring for his impeachment. On the contrary, he said many of them, between April and December, 1865, and, with one accord, told him to go on with the work of reconstruction in the line he had marked out. He then said that a recent speech of Senator Trumbull declared that "had the Southern States sent loyal men to Congress all would have been well." In other words, had they sent Radicals the President's plan would have been all right, but as Radicals were not sent, his plan was found to be all wrong. The whole Rump policy of "reconstruction" is therefore shown to be a mere scheme for party advancement, without a particle of propriety, law or justice about it.—*Patriot & Union.*

GREAT RADICAL VICTORY!

The Niggers Carry Tennessee!

Shout, O ye miserable Radicals! Sound the hew-gag! Bang the banjo! Ring the cow-bells! The cloven-foot of Belzebub Brownlow is again on the necks of the white slaves of Tennessee! As Louis Napoleon "elected" himself Emperor of France, so Brownlow has made himself King of Tennessee. Bayonets in the hands of Negroes, have enabled him to convert his ill-gotten power into a permanent and unlimited despotism. Only 50,000 of the 175,000 white voters of the State, were permitted to be "registered," whilst 57,000 negro voters were put upon the rolls. Brownlow's "majority" is less than the Negro vote, showning that the blacks, controlled by bayonets and corruption, are the ruling power in Tennessee. Of course, this was a forgone conclusion. Radical reconstruction must end in the complete Africanization of every State in which it succeeds. Let those rejoice who can over such a result. The man who can take pleasure in such a prospect must have a heart as black as the skin of Brownlow's janissaries. Such a man is a traitor to his race, to his country and to his God.—*Bedford Gazette.*

A PRESIDENTIAL SYMPTOM.

The New York *Tribune* has an article, referring to the bringing forward of General Grant's name for the Presidency, headed "President Making by Guess."—It says the "people will insist on having a President who fully knows his own mind from theirs." It speaks of those who have advanced General Grant's claims as "the most discredited of the late war, who barked at the heels of the sorely beset republic whenever it was constrained to take a step forward in the course which led through emancipation to triumph." This is a hot fire on the front rank of the Grant column. Their leader represented as having no ideas on politics, and his supporters hungry dogs who followed the camp for prey! Pretty well for a beginning.—*Baltimore Sun.*

A "*Loyal*" *Postmaster—What the Tenure of Office Law Does.*—The following extract, which speaks for itself, we clip from the Washington correspondence of of the New York *Tribune* of Tuesday week:

Some weeks ago a special agent of the Post Office Department reported to the Postmaster General that he had detected frauds perpetrated by the Postmaster at Greensburg, Indiana, and that the Postmaster had admitted that his bookentries had been changed, &c. Upon this showing the Postmaster was suspended. When Congress met, the facts were certified to the Senate, and a new Postmaster nominated. The Senate rejected the nomination, and under the Tenure of Office law the old Postmaster is reinstated in office. The Postmaster General to-day notified the reinstated officer of the action of the Senate, and added: "*You are respectfully requested, as a favor to the Department, to use as little of the money of the Government and make as few false entries as possible.*"

The instruction of the Postmaster-General is decidedly *apropos*, and shows with telling effect the damnable legislation of the mad destructives in Congress.

☞A leading Radical journal in Minnesota thus alludes to the Germans of St. Louis: "The German beer-guzzlers of St. Louis, redolent of Limberger cheese, and restive for noisy parade and the brazen clang of cymbals and bass-drums in their deserted beer-gardens, utter the same howl of 'Puritan intolerance!'" When the Germans swelled the ranks of the Northern armies they were "patriots;" when they oppose Radical despotism they are "beer-guzzlers" and "stupid Dutch."

Special Notice Column.

Wistar's Balsam of Wild Cherry.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases of Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation of the Lungs; while over Consumption itself has yielded to its magic influence when all other means have failed. Its whole history proves that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From Andrew Archer, Esq., of Fairfield, Md.

"About eight years since, Henry A. Archer, now Postmaster at Fairfield, Somerset county, Me., was attacked with spitting of blood, cough, weakness of lungs, and general debility, so much so that our family physician declared him to have a "Seated Consumption." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase *one bottle* of WISTAR'S BALSAM OF WILD CHERRY, which benefited him so much I obtained another bottle, which in short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—THE GREAT LUNG REMEDY FOR THE TIMES!

The above statement, gentlemen, is my *voluntary* offering to you in favor of your balsam, and is at your disposal."

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

SCROFULA.

The Rev. Geo. Storrs, of Brooklyn, N. Y., says, in the Bible Examiner, by way of apology for publishing a medical certificate in his Magazine, of the cure of his only son, of scrofula, "after dissolution appeared inevitable:" "We publish this statement, not for pay, but in gratitude to God who has thus answered prayer, and in justice to Dr. Anders; being satisfied that there is virtue in the Iodine Water Treatment, which the readers of this Magazine will thank its Editor for bringing to their notice." Circulars free.

Dr. H. Anders' Iodine Water is for sale by J. P. DINSMORE, Proprietor, 36 Dey St., N. Y. and by all Druggists.

Bile.

Bile on the Stomach can be suddenly eliminated by one dose of the Pills—say from four to six in number. When the Liver is in a torpid state, when specks of curd matter from the blood or a serous fluid should be overcome, nothing can be better than Radway's Regulating Pills. They give no unpleasant or unexpected shock to any portion of the system; they purge easily, are mild in operation, and when taken are perfectly tasteless, being elegantly coated with gum. They contain nothing but purely vegetable properties, and are considered by high authority, the best and finest purgative known. They are recommended for the cure of all disorders of the Stomach, Liver, Kidneys, Nervous Diseases, Indigestion, Dyspepsia, Biliousness, Bilious Fever, Inflammation of the Bowels, Piles, and symptoms resulting from Disorders of the Digestive Organs.

Price 25 cents per box. Sold by Druggists.

Official—Paris Exposition, 1867.

Advices just received by mail enable us to announce positively that the *only gold medal* for American sewing machines was awarded to Elias Howe, Jr., as the manufacturer of the best sewing machine that was exhibited. There were eighty-two different machines in competition for the prize, and Mr. Howe received the additional award of the Cross of the Legion of Honor, as manufacturer and inventor. The exact wording of the award is as follows:

HOWE MACHINE.	WHEELER & WILSON.
"Co-operateur Elias Howe, Jr., pronoteur de l'industrie la machine a coudre,	Wheeler & Wilson, manufacturiers. *Medaille d'or.*

Medaille d'or."

The official list of those who were made Knights of the Legion of Honor, as published in the Paris papers, reads thus: "Mons. Elias Howe, Jr. *fabricant machines a coudre, exposant;*" which, translated into English, reads: "Mr. Elias Howe, Jr., maker of sewing machines, exhibiting."

From this it will be seen that the medal awarded to Wheeler & Wilson was for a "Buttonhole Machine," *as I set for the Sewing Machine.*

Each of these world-renowned machines bears the inscription head of Elias Howe, Jr., (trade mark,) without which none is genuine. Messrs. Sibley & Stoops, Agents, No. 922 Chestnut street, Philadelphia.

The Greatest Pain-reliever in the World.

Warranted superior to any other, or no pay, for the cure of Chronic Rheumatism, Toothache, Headache, Sore Throat, Mumps, Burns, Cuts, Insect stings, Pains in the Back, Chest, and Limbs, Sprains, Old Sores, Swellings; also, to take internally for Diarrhœa, Dysentery, Colic, Spasms, Sea Sickness, Vomiting, and Croup. It is perfectly innocent to take internally, if used according to the directions, and never fails, as thousands can attest. It was first introduced in 1847, and now millions of bottles are annually sold. Every one who has once used it, continues to do so, and recommend it to their friends as the most valuable medicine extant. Certificates enough to fill a dozen newspapers have been received by Dr. Tobias. His medicine, the Venitian Liniment, will do all that is stated, and more. No one will regret trying it. Those residing at a distance from a physician, will find it a reliable medicine to have on hand in case of accidents. Ask for Dr. Tobias' Venitian Liniment, and take no other. Price 25 cents and $1. Sold by all Druggists. Depot, 56 Cortlandt Street, N. Y.

A Card to the Ladies.

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. DUPONCO, of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the urgent request of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are cautioned against using these Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their mildness will prevent any mischief to health, otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which he does say, nothing like the above Pills have been known since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves and bringing back the "Rosy color of Health" to the cheek of the most delicate.

Price $1 per Box. Six Boxes for $5.

Sold by JOHN S. FORNEY, Druggist, Sole Agent for Gettysburg, Pa.

Ladies, by sending him $1 through the Post Office, can have the Pills sent, (confidentially,) by Mail, to any part of the country, "free of postage."

Sold also by J. Spangler, Chambersburg; G. W. Neff, York; Coleman & Rogers and Brown Brothers, Wholesale Agents, Baltimore, and S. D. Howe, Proprietor, New York.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.

TO CURE CONSUMPTION, the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHENCK'S MANDRAKE PILLS cleanse the stomach of all bilious or unnatural accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

SCHENCK'S PULMONIC SYRUP is a nutritious as well as medicinal, and, by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhœa they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic Syrup to act on the respiratory organs properly and allay any irritation. Then all that is required is to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.

TO OUR CUSTOMERS.

WE take pleasure in announcing to Dealers in Fertilizers, and the Agricultural public, that we have within the past year increased our facilities for the manufacture of our RAW BONE PHOSPHATE, to an extent unequalled by any other House in the United States or Europe. These facilities not only include the enlargement of our well-established works in Philadelphia, known as the DELAWARE RIVER AGRICULTURAL CHEMICAL WORKS, but also the purchase of extensive and well stocked works at Chicago, Ill., with all the necessary machinery, cars, &c., to conduct the business. This establishment alone has produced, annually, over 5,000 tons of dried Bones and Meat, and is capable of being largely increased. We desire, by the closest supervision, to conduct these two concerns so that our customers will derive a practical benefit from their consolidation, in obtaining a MANURE which shall combine a standard and uniform quality, and at the lowest possible price.

Magnetic Salve and Plaster.

This deservedly popular remedy, having been greatly *improved*, is now offered to the citizens of Adams county.

The many thousands who are daily using it, testify to its magical virtues in the early stages of *Consumption, Coughs, local Rheumatism, Neuralgia, Sore and Tooth Ache, Weakness and Pain in the Back, Side and Kidneys, Cancer, Scrofula, Old Sores, Erysipelas, Fresh Wounds, Burns, Bruises, Sore or Inflamed Breasts, Inverted Toe Nails, Corns, Bunions, &c., &c.*

Its mysterious virtues, and the wonderful cures it has performed, might be published; but the discoverer is willing to rely on its intrinsic merits, in order to introduce it into every family in the country.

Prepared only by the proprietor, 255 E. Lombard Street, Baltimore, and sold by A. D. BUEHLER, Dr. R. HORNER, and J. S. FORNEY, Gettysburg, and by the merchants of the county.

THE UNION PACIFIC RAILROAD CO.

ARE now constructing from

OMAHA, NEBRASKA,

westward towards the Pacific Ocean, making its connections an unbroken line

ACROSS THE CONTINENT.

The Company now offer a limited amount of their

FIRST MORTGAGE BONDS,

having thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT. IN GOLD,

AT

NINETY CENTS ON THE DOLLAR.

This road was completed from Omaha 305 miles west on the first of January, 1867, and is fully equipped, and trains are regularly running over it. The Company has now on hand sufficient iron, ties, &c., to finish the remaining portion to the eastern base of the Rocky Mountains, 212 miles, which is under contract to be done September 1st of this year, and it is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific, now being rapidly built eastward from Sacramento, Cal., during 1870.

MEANS OF THE COMPANY.

Estimating the distance to be built by the Union Pacific to be 1,565 miles, the United States Government issues its Six per cent. Thirty-year Bonds to the Company as the road is finished at the average rate of about $28,250 per mile, amounting to $44,208,000.

The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of the United States *being subordinate to these.*

The Government makes a donation of 12,800 acres of land to the mile, amounting to 20,482,000 acres, estimated to be worth $30,000,000, making the total resources, exclusive of the capital, $118,410,000; but the full value of the lands cannot now be realized.

The authorized Capital Stock of the Company is one hundred million dollars, of which five millions have already been paid in, and of which it is not supposed that more than twenty-five millions at most will be required.

The cost of the road is estimated by competent engineers to be about one hundred million dollars, exclusive of equipment.

PROSPECTS FOR BUSINESS.

The railroad connection between Omaha and the East is now complete, and the earnings on the Union Pacific on the sections already finished for the first two weeks in May were $113,000. These sectional earnings as the road progresses will much more than pay the interest on the Company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be immense.

VALUE AND SECURITY OF THE BONDS.

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and as additional proof they would suggest that the Bonds now offered are less than ten million dollars on 517 miles of road, on which over twenty millions dollars have already been expended;—on 230 miles of this road the cars are now running, and the remaining 187 miles are nearly completed.

At the present rate of premium on gold these Bonds pay an annual interest on the present cost of

NINE PER CENT.,

and it is believed that on the completion of the road, like the Government Bonds, they will go above par. The Company intend to sell but a *limited amount at the present low rate* and retain the right to advance the price at their option.

Subscriptions will be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau St.;
CLARK, DODGE & Co., Bankers, 51 Wall St.,
JOHN J. CISCO & Son, Bankers, 33 Wall St.,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained. They will also be sent by mail from the Company's Office, No. 20 Nassau Street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the bonds.

A CARD FROM THE

AMERICAN WATCH COMPANY

OF

WALTHAM, MASS.

THIS Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one half of all the Watches sold in the United States.

The difference between their manufacture and the European, is briefly this: European Watches are made almost entirely *by hand*, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except Watches of the higher grades, European Watches are the product of the cheapest labor in Switzerland, and the result is the worthless Anceres, Lepines and the so-called Patent Levers—which soon cost more in attempted repairs, than their original price. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take them to the nearest watch merchant, who stamps them and engraves them with any name or brand that may be ordered.

HOW AMERICAN WATCHES ARE MADE.

The American Waltham Watch is made by no such uncertain process—and by no such incompetent workmen. All the Company's operations, from the reception of the raw materials to the completion of the Watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their Watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. *Every one of the more than* a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then adjust the hundred machines necessary to reproduce every part of that watch, and it follows that every succeeding watch must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A BETTER ARTICLE FOR THE MONEY

by their improved mechanical processes than can be made under the old-fashioned handicraft system. They manufacture watches of every grade, from a good, low priced, and substantial article, in silver hunting-case, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named "Home Watch Company, Boston," ALL WATCHES made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

TWENTY MELODIC EXERCISES,

Studies to acquire the Art of Singing.

"THESE exercises were composed to be used simultaneously with his system, 'THE ART OF SINGING,' or with any *other method* for the cultivation of the voice, and will take the place of CONCONE'S SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce et utile*, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and appreciation, and at the same time form the taste of the pupil. They must be studied carefully, with reference to the unimpeachable sparks of expression and forms of ornamentation. Upon the minute accuracy with which these are accomplished depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort wasted, while, on the other hand, a close and patient investigation will ultimately faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects."—*Watson's Art Journal.*

AGENTS AND DEALERS IN

PIANOS & CABINET ORGANS, MELODEONS,

AND ALL KINDS OF

MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reikes & Schmidt, Chickering & Son, Bradbury, Knabe & Son, Gale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR

ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

SEWING MACHINES.

The Grover & Baker.—The Best in Use.

THESE Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

MORO PHILLIPS'

GENUINE IMPROVED

SUPER-PHOSPHATE OF LIME,

STANDARD GUARANTEED.

FOR SALE AT MANUFACTURER'S DEPOTS,

No. 27 North Front Street, Philadelphia,

AND

No. 95 South Street, Baltimore,

And by Dealers in general throughout the Country.

The SOMBRERO GUANO of which MORO PHILLIPS' PHOSPHATE is and always has been manufactured, (and of which he has sole control for the United States,) contains fifty per cent. more Bone Phosphate than Raw Bone, therefore it is more durable. The addition of ammonia gives it greater fertilizing value.

Over six years' experience has proved to the Farmer that it makes a heavier grain than even stable manure, and is not only active but lasting.

MORO PHILLIPS,
Sole Proprietor and Manufacturer.

☞Price $56 per ton of 2,000 lbs. Discount to Dealers.

Peruvian Guano Substitute!

BAUGH'S

RAW BONE

SUPER-PHOSPHATE OF LIME.

BAUGH & SONS,
Sole Proprietors and Manufacturers,
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

FOR WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every *Crop and Plant.*

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 18 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

IT is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

☞Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, *"How to Maintain the Fertility of American Farms,"*—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.
